

5050x2020 PLEDGE FOR GENDER PARITY AND INCLUSION IN FILM FESTIVALS

Launched at the 2018 Cannes Film Festival, the 5050x2020 initiative is requesting that film festivals across the world make the following commitment to gender parity and inclusion.

_____ Festival agrees to make the following commitments:

- 1- To compile statistics of gender of the directors of all the films submitted to selection, and when applicable, to also compile all members of the cast and crew mentioned in the registration process of the film.
- 2- To make public the gender of all the members of selection committees and programmers as well as all programming consultants.
- 3- To make public the gender of executive boards and/or boards of directors and to commit to a schedule to achieve parity in these bodies.

The festival commits to giving a full update to 5050x2020 in six months and also to make public their progress during next year's festival.

5050x2020 will be compiling the list of participating festivals and will share it widely. We will also release a first report at the 2019 Cannes Film Festival.
